

## ShipLink™ for SYSPRO

### Overview

To automate the shipping and invoicing processes with seamless integration from SYSPRO to UPS Worldship or FedEx Ship Manager, thus increasing the visibility of shipment data and enhancing customer support.

### The Value of ShipLink for SYSPRO

- Real-time interface with UPS Worldship or FedEx Ship Manager
- Shifts decision-making from warehouse to the front office
- Automatic update of order status
- Prevents invalid orders from shipping
- Actual freight costs and shipping fees calculated real-time
- Parcel information, tracking numbers and shipment weight written to sales order
- Real-time integration ensures choice of the correct carrier service level COD order values are transmitted to Worldship or Ship Manager
- Advanced shipment notifications (ASN) sent via email
- Track packages on the UPS or FedEx web site from within SYSPRO Sales Order Query
- Improves invoice generation time and accounts receivable

- Adjust COD value with outstanding customer balance
- Insure shipments using UPS/FedEx insurance or an alternate insurance carrier
- Prevent shipment of orders to delinquent accounts
- Optional Blind or Drop shipments
- Customize message for advanced shipment notifications (ASN)
- Configure primary and secondary email addresses for ASN

### Integration

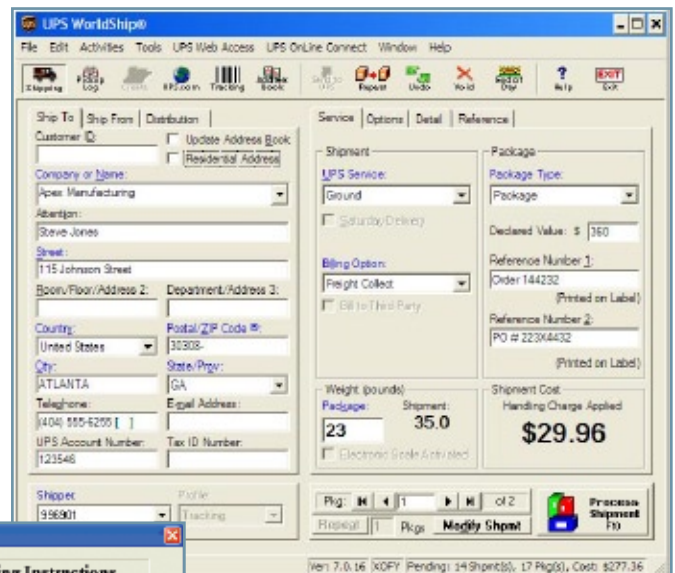

- Integrates with both SYSPRO Sales Orders and Dispatch Notes

### Audit Trails and Reporting

- Standard UPS Worldship or FedEx Ship Manager reporting is available

### Matching ShipLink for SYSPRO to your business

- Freight collect terms based on sales order or customer
- Commercial or residential delivery
- Flexible handling charges can be assigned
- Assign true freight costs to orders already containing predefined freight charges
- Customized "free freight" logic based upon a flag, a customer or an order value
- Process multiple orders within a shipment, with validation of accounts and order status
- Apportion COD values of a multiple box shipment

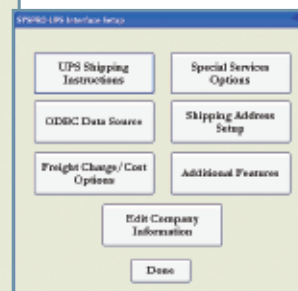

The screenshot shows the UPS WorldShip application window. The 'Ship To' section includes fields for Customer ID, Company or Name (Apex Manufacturing), Address (115 Johnson Street, Atlanta, GA 30308), and Country (United States). The 'Service' section shows 'UPS Service' set to 'Ground' and 'Billing Option' set to 'Freight Collect'. The 'Package' section shows 'Package Type' as 'Package' and 'Declared Value' as \$160. The 'Shipment' section shows 'Weight (pounds)' as 23 and 'Shipment' as 35.0. The 'Shipment Cost' section shows a total of \$29.96. The interface also includes a menu bar, toolbar, and status bar.

The screenshot shows the 'SYSPRO UPS Service Level' dialog box. It has a title bar 'SYSPRO UPS Service Level' and a subtitle 'UPS Service Level - Shipping Instructions'. The main area is a table with columns for 'Shipping Instructions', 'Ship Via Code', and 'Ship Via Code'. The table lists various shipping services and their corresponding codes. At the bottom, there is a 'UPS Account #' field with the value '07436E' and an 'Ok' button.

Shipping Instructions	Ship Via Code	Ship Via Code
Next Day Air Early AM	When SodMatter Shipping hours	Equal 12
Next Day Air	When SodMatter Shipping hours	Equal 1
Next Day Air Sure	When SodMatter Shipping hours	Equal 83
2nd Day Air AM	When SodMatter Shipping hours	Equal 11
2nd Day Air	When SodMatter Shipping hours	Equal 2
3 Day Select	When SodMatter Shipping hours	Equal 5
Overseas	When SodMatter Shipping hours	Equal 4
Streamline Delivery	When SodMatter Shipping hours	Equal 6
Sat Delivery Early AM	When SodMatter Shipping hours	Equal 0

The screenshot shows the 'SYSPRO UPS Interface Setup' dialog box. It contains several buttons for configuration: 'UPS Shipping Instructions', 'Special Services Options', 'ODBC Data Source', 'Shipping Address Setup', 'Freight Change/ Cost Options', and 'Additional Features'. There is also an 'Edit Company Information' button and a 'Done' button at the bottom.
